

Std:-3

Subject:- Computer

F.A.1

Total marks:-30

1 In railways and airports computers are used for

- (a) making bills ☐ (b) reservations ☒  
(c) animation ☐ (d) making report ☐

2 computer means to

- (a) compute ☒ (b) D-R ☐ (c) RAM ☐ (d) memory ☐

3 computers are used in school for

- (a) preparing bills ☐ (b) reservation ☐  
(c) designing ☐ (d) making report cards and storing records ☒

Std - 3<sup>rd</sup>

+  +  +  +  =

4 Who has become a friend now.  
(a) television ☐ (b) computer ☒ (c) CD ☐

5 A computer ~~works~~ at <sup>very</sup> speed.  
(a) High ☒ (b) fast ☐ (c) big ☐ (d) low ☐

6 In hotels and restaurants computers  
are use for  
(a) designing ☐ (b) making bills ☒  
(c) diagnose the disease ☐ (d) none of these ☐

7 In constructions, computers are used for  
(a) making designs of buildings ☒  
(b) making bills ☐  
(c) making animation movies ☐  
(d) none of these ☐

8 computer has a \_\_\_\_\_ memory.  
(a) large ☒ (b) small ☐ (c) big ☐ (d) few ☐

9 In bank and offices computers are used  
for  
(a) to keep the accounts of customer ☒  
(b) For preparing report card ☐  
(c) For making animation ☐

10 computer can do big calculations in  
(a) Few minutes ☐ (b) Few seconds ☒  
(c) Few hours ☐ (d) None ☐

11 Super computers are the most \_\_\_\_\_ computers.  
(a) Powerful ☒ (b) dull ☐ (c) None ☐

5th - 3rd

+  +  +  +  =

12 Super computers are designed by \_\_\_\_  
(a) America ☐ (b) Japan ☐ (c) India ☒

13 A mainframe computer is the \_\_\_\_ of network of computers.

(a) Heart ☒ (b) Lungs ☐ (c) Legs ☐

14 Performing arithmetical and logical operations are called

(a) Input ☐ (b) output ☐ (c) processing ☒

15 Super computers are used for

(a) weather forecasting ☐ (b) control satellites ☐  
(c) both a & b ☒

16 computer \_\_\_\_ makes it a wonderful machine.

(a) Accuracy ☒ (b) Speed ☐ (c) dilligence ☐

17 Computer can do work \_\_\_\_ than human being.

(a) Faster ☒ (b) slower ☐ (c) very slow ☐

18 Computer takes a long time for big calculations.

(a) True ☐ (b) False ☒

19 Computer has become a \_\_\_\_ friend now.

(a) Animals ☐ (b) human's ☒ (c) building ☐

20 micro computers are used in \_\_\_\_

(a) schools ☐ (b) offices ☐ (c) homes ☐ (d) All of these ☒

21 mini computers are more capable than

(a) super computers ☐ (b) micro computers ☒  
(c) Hybrid computers ☐ (d) None of these ☐

22-24-25-26-27-28-29-30

5th - 3rd

+  +  +  +  =

22 Performing arithmetical and logical operations are called  
(a) CPU ☐ (b) Processing ☒ (c) ALU ☐

23 mainframe computers are more powerful than  
(a) micro computers ☐ (b) minicomputers ☒  
(c) Super computers ☐ (d) none of these ☐

24 CPU stands for  
(a) control Process unit ☐  
(b) central Processing unit ☒  
(c) centre Process Unit ☐

25 How many parts made up with CPU  
(a) 3 ☒ (b) 1 ☐ (c) 2 ☐

26 computer is an \_\_\_\_\_ machine.  
(a) Wooden ☐ (b) electronic ☒ (c) none ☐

27 In Hotels and Restaurants, computer are used for  
(a) keeping records ☐ (b) recording transactions (c) both ☒

28 computers can be used at different places for different works so they are called \_\_\_\_\_  
(a) versatile ☒ (b) memory ☐ (c) speed ☐

29 computer does not get \_\_\_\_\_ like human beings.  
(a) tired ☒ (b) not tired ☐ (c) none ☐

30 mainframe computers allows \_\_\_\_\_ of people to work at the same time on the same data.  
(a) thousand ☐ (b) Hundreds ☒ (c) millions ☐

Sfd - 374

+  +  +  +  =

31 What is the name of super computer?

- (a) PARAM-2000 ☐ (b) PARAM-3000 ☐ (c) PARAM-10,000 ☒

32 Who is mostly used for scientific research purpose

- (a) minicomputer ☒ (b) mainframe computers ☒  
(c) Supercomputers ☐

33 What is the input device in computer.

- (a) keyboard ☒ (b) system software ☐ (c) application software ☐

34 The data and instruction which we provide to computer are called

- (a) output ☐ (b) Input ☒ (c) Data ☐

35 After Processing data, the result we get is called

- (a) output ☒ (b) Input ☐ (c) Data ☐

36 The numbers, words, letters on which operations are performed by a computer are called

- (a) Input ☐ (b) output ☐ (c) data ☒

37 Who is the brain of computer

- (a) CPU ☒ (b) keyboard ☐ (c) mouse ☐

38 MU stands for

- (a) memory unit ☒ (b) central Processing unit ☐  
(c) control unit ☐

39 CU stands for

- (a) memory unit ☐ (b) control unit ☒ (c) central Processing

$$512 - 3^{14}$$

$$\square + \square + \square + \square + \square = \square$$

Unit ☐

40 What are the personal computers  
(a) mainframe ☐ (b) micro computer ☒ (c) minicomputer ☐

41 It stores the input and the output data.  
(a) ALU ☐ (b) CU ☐ (c) MU ☒

42 It controls all the parts of the computer and the movement of data it's called  
(a) ALU ☐ (b) CU ☒ (c) MU ☐

43 It performs all the arithmetical and logical operations, it's called  
(a) ALU ☒ (b) CU ☐ (c) MU ☐

44 mainframe computers are \_\_\_\_\_ computers.  
(a) small ☐ (b) Large ☒ (c) big ☐

45 keyboard and mouse are input devices.  
(a) True ☒ (b) False ☐ (c) None of these ☐

46 CPU is the brain of computer.  
(a) True ☒ (b) False ☐ (c) None of these ☐

47 computer never makes any \_\_\_\_\_  
(a) intelligence ☐ (b) deligence ☐ (c) mistakes ☒

48 Computer gives answers in  
(a) yes or No ☒ (b) Right or Wrong ☐

49 micro computers are large in size  
(a) True ☐ (b) False ☒ (c) None of these ☐

Sfd - 3<sup>rd</sup>

$$\boxed{\phantom{00}} + \boxed{\phantom{00}} + \boxed{\phantom{00}} + \boxed{\phantom{00}} + \boxed{\phantom{00}} = \boxed{\phantom{00}}$$

50 mainframe computers are used in.

- (a) Research organizations ☐ (b) banks ☐  
(c) government organizations ☐ (d) All of these ☒
