Revision.

(Le- 1, 2)

Q.1. M.C.Q.

1) India is the _____ largest country in the world.

a) 7th
c) 4th

b) 6th
d) 8th

2) North Indian plain is very fertile and rich in _____

a) Soil.
c) Chemicals

b) agriculture
d) None of them

3) The lower range of Himalaya are covered with _____

a) forest
c) farms

b) Houses
d) Sea.

4) Most of the plateau region is made-up of _____

- a) Red lava soil b) Sand.
c) black lava soil d) None of these

5) The Arabian Sea is in the
a) East b) south
c) North d) west

6) China is the biggest neighbouring country of _____
a) Pakistan b) Sri Lanka.
c) India d) None of them

7) A very large water body is called an _____
a) Sea b) lake
c) Ocean d) Pond.

8) Antarctica is permanently covered with _____
a) ice b) water
c) Grass d) All of them

9) _____ is the biggest continent.
a) Africa b) Asia.
c) Australia d) North America

10) The biggest and the deepest ocean is _____
a) The Indian ocean b) The Pacific ocean
c) The Atlantic ocean d) None of them

$$\square + \square + \square + \square + \square = \square$$

18) _____ shows the correct shape of the Earth.

a) map

c) chart

b) globe

d) All of them.

19) A globe is a _____ of Earth.

a) model.

c) sticker

b) chart

d) None of them

20) There are _____ continents.

a) Four

c) Three

b) Seven

d) Two

21) _____ ocean in the world.

a) Three

c) Four

b) one

d) six

Q. 2 True or false

1) The Northern plains of India are rich in mineral.

→ False

2) The Himalayas protect north Indian plain from the cold winds of the north.

→ True

3) The climate of the desert region is very hot in summers.

→ True

$$\square + \square + \square + \square = \square$$
