$$\square + \square + \square + \square + \square = \square$$

Ex-8 Choose the correct words and fill in the blanks

1) Ice is the solid form of water.

2) When water is heated, it turns into steam.

3) When ice melts, it changes into water.

4) The earth earth is round in shape.

5) We should plant more and more trees.

6) It is our duty to keep the earth clean.

7) We cannot see any object in the dark.

8) plants make their food in the presence of sunlight.

9) The lengths of the shadows

□ + □ + ⁵□ + □ + □ = □

at different times are different.

10) The Sun is very far away from us.

Q3 Write [T] for true and [F] for false statements

1) Water is the solid form of water. [F]

2) Water changes into steam on boiling. [T]

3) Water keeps on changing its form in nature. [T]

4) The earth looks like a big ball of fire. [F]

5) The earth is made up of water and land. [T]

6) We should plant more and more trees on the earth. [T]

7) The Sun is very cool. [F]
