F.A.3

Q-1 MCO-:

1. _____ command is used to move the turtle to any part of the screen without drawing a line.

- (a) FORWARD DOWN
- (b) PEN DOWN
- ✓ (c) PEN UP
- (d) FORWARD UP

2. _____ command is used to put the pen down so that moving the turtle draws a line.

- ✓ (a) PEN DOWN.
- (b) PEN UP
- (c) FORWARD UP
- (d) FORWARD DOWN

3. The PU command is given, which makes the turtle lift up.

- (a) lift down

۲۴۱
۲۲۱ ۲۴۱
۵۲۱۵

$$\square + \square + \square + \square + \square = \square \quad (2)$$

(b) lift turtle

(c) lift up

(d) drawing

(4) In every drawing program, you have some method to erase when something goes wrong.

(a) exam

(b) erase

(c) screen

(d) commands

(5) In Logo, we have PENERASE command to erase a line while moving the turtle.

(a) PENWRITE

(b) PENPAINT

(c) PENSHOWN

(d) PENERASE

(6) PE command will not draw anything

(a) SE

(b) PE

(c) TE

(d) ME

(7) Once the PE command is given, the FD or BK command is used to move turtle over the lines that you want to erase.

3

$$\square + \square + \square + \square + \square = \square$$

- (a) FD or BK
- (b) HT or ST
- (c) FD or RT
- (d) RT or BK

(8) Using the PPT command the turtle starts drawing line.

- (a) PTP
- (b) HMT
- (c) PPT
- (d) SST

(9) Hide Turtle command is used to hide the turtle from the screen.

- (a) penerase.
- (b) Hide Turtle
- (c) Show Turtle
- (d) penpaint

(10) After giving the HIDE TURTLE command, the turtle will not be seen on the screen.

- (a) SHOW TURTLE
- (b) PEN ERASE
- (c) PEN PAINT
- (d) HIDE TURTLE

(11) If you want to make the turtle appear on the screen again, then you have to use SHOW TURTLE command

10/11/19

$$\square + \square + \square + \square + \textcircled{4} = \square$$

- (a) REPEAT TURTLE
- (b) FORWARD TURTLE
- (c) BACKWARD TURTLE
- ✓ (d) SHOW TURTLE

(12) The ST command is given after the HT command.

- (a) RT
- (b) FT
- ✓ (c) ST
- (d) TT

(13) The REPEAT command repeats a certain action for a certain number of times.

- (a) PROCEDURE
- ✓ (b) REPEAT
- (c) LOGO
- (d) INPUT

(14) A circle has no sides but has an angle of 360 degrees.

- (a) Rectangle
- (b) square
- (c) pentagon
- ✓ (d) circle.

(15) The polygons with any number of sides can be drawn.

- (a) circle.

(b) polygons

(c) square

(d) rectangle

(16) A procedure is a set of instructions to carry out a specific task.

(a) procedure.

(b) repeat

(c) erasing

(d) drawing

(17) In MSWLogo, a procedure is divided into three parts.

(a) two

(b) one

(c) three

(d) four

(18) The title line starts with the word To

(a) To

(b) From

(c) up

(d) down

(8)

$$\square + \square + \square + \square + \square = \square$$

(19) Body contains the primitives to carry out a task.

- (a) load
- (b) edit
- (c) Body
- (d) erase

(20) A procedure name can have only numbers, alphabets and symbols.

- (a) procedure.
- (b) alphabets.
- (c) float
- (d) short text

(21) The name of the procedure should not be same as that of a Logo command.

- (a) indifferent
- (b) same.
- (c) different
- (d) procedure.

(22) A procedure name cannot contain any blank space and arithmetic operators.

- (a) square
- (b) image
- (c) figure.
- (d) blank space.

□ + □ + □ + □ + □ = □

(23) A procedure name must start with an alphabet.

(a) alphabet

(b) number

(c) symbols

(d) charts

(24) The logo files are saved with .lgo extension.

(a) .mme

(b) .xls

(c) .lgo

(d) .doc

(25) LAN stands for Local Area Network.

(a) Long and Narrow.

(b) Local Area Network.

(c) Metropolitan Area Network.

(d) Mahanagar Area Network.

(26) MAN stands for Metropolitan Area Network.

(a) Local Area Network

(b) Wide Area Network

(c) Mahanagar Area Network

(d) Metropolitan Area Network

(27) MTNL stands for Mahanagar Telephone Nagar Limited

(a) Manage Telecom National Limited

201
201
2016

$$\square + \square + \square + \square + \square = \square$$

- (b) Mahanagar Telegraph ~~Work~~ Line
(c) Mahanagar Telephone Nagar limited
(d) Margis Turtle Nagar Line.

(28) A group of computers connected together to share data and resources such as printers and scanners is a computer network.

(a) triangle

(b) network.

(c) edit

(d) ~~Internet~~ instruction

(29) Internet Explorer is an Internet browser.

(a) browser

(b) procedure

(c) square

(d) erase.

(30) The modem converts the computer's outgoing data into a format that can be transferred via telephone line.

(a) webcast

(b) procedure

(c) save command.

(d) modem.

(31) ISP stands for Internet Service provider

(a) Internet save procedure

(b) Input social paint

(c) Internet service provider.

(d) Internet screen problem

(32) Internet is the largest Wide Area Network.

(a) ~~Body area~~

(b) Wide Area.

(c) Internet Area.

(d) Metropolitan area

(33) The Local Area Network links computers within an office or a building.

(a) Metropolitan Area Network

(b) Wide Area Network

(c) Local Area Network.

(d) ~~Remote Area Network~~

(34) A group of computers connected together to share data and resources is called a Network.

(34) File sharing allows people to share files conveniently.

(a) report ~~is~~

(b) queries

(c) chart sharing.

2021
2021
2021

(10)

$$\square + \square + \square + \square + \square = \square$$

(34) File sharing.

(35) File sharing helps in saving a lot of time.

(a) air tickets sharing.

(b) File sharing

(c) folder sharing

(d) directories sharing.

(36) Cost-effective saves a lot of money of organisations in various ways.

(a) Messages-effective.

(b) Cable-effective

(c) Cost-effective

(d) Search-effective.

(37) In ~~cost~~ Networking, as files can be transferred easily through a network, transportation expense is reduced.

(a) wireless channel.

(b) transportation

(c) equipped

(d) Telephone line

(38) MANs are larger than LANs but are smaller than WANs.

(a) WANs

(b) JANs

(c) SANs

(d) MANs

[] + [] + [] + [] + [] = []

(39) LAN is a system that links the computers together and forms a network within an office or a building.

- (a) LAN
- (b) MAN
- (c) TAN
- (d) BAN

(40) A WAN typically consists of 2 or more LANs.

- (a) MAN
- (b) TAN
- (c) WAN
- (d) WNA

(41) Internet is called the mother of all networks.

- (a) mother
- (b) brother
- (c) father
- (d) mother

(42) When two computers are connected over the Internet, they can send and receive all kinds of information such as text, graphics, audio and videos.

- (a) worldwide
- (b) pictures
- (c) videos
- (d) ~~graphics~~ graphics

24
21 24
216

(12)

$$\square + \square + \square + \square + \square = \square$$

43. We can search information on the Internet.

- (a) Ethernet
- (b) watch marks.
- (c) Internet
- (d) geographical.

44. A computer with a fast processor and a lot of memory is preferred.

- (a) fast processor.
- (b) slow processor.
- (c) bad processor
- (d) slower processor.

45. A modem stands for modulator - demodulator.

- (a) operation
- (b) modulator - demodulator.
- (c) transfer.
- (d) equipped ~~at~~ ^{by} ~~internet~~ ^{request}

46. A telephone line is required to transfer the data from one computer to another computer.

- (a) ~~modem~~
- (b) ~~Internet service provider.~~
- (c) telephone
- (d) com.

- 47 On Computers, equipped with a modem and Internet access, you need a software called web browser to use the Internet.
- (a) keyboard
(b) C.P.U.
(c) Processor
(d) Web browser.
- 48 It is an application software that displays and retrieves information resources on the web.
- (a) Procedure
(b) web.
(c) manages
(d) ~~networking~~ data
- 49 Internet service providers are the companies that provide access to the Internet.
- (a) Information send provider
(b) Information service process
(c) Internet service providers.
(d) Internet sender ~~proc~~ procedure

(14)

$$\square + \square + \square + \square + \square = \square$$

50. BSNL stands for

- (a) Bharat Sanchar Nigam Limited.
- (b) Bring sanchar Nagar line.
- (c) Before sanchar Naman Line.
- (d) Bend sanchar North limited.
