⇒ Tick (✓) the correct answer.

(1) What is the point at the top of a globe called;

A (A) North pole (B) South pole (C) Axis

(2) The latitudes are marked in \_\_\_\_\_

A (A) Celsius (B) kilometers (C) Degrees

(3) There are \_\_\_\_\_ longitudes in all.

A (a) 380 (b) 360 (c) 120

(4) The line that joins two poles is known as \_\_\_\_\_

A (a) Axis (b) Equator (c) Hemisphere

(5) Equator is the \_\_\_\_\_ latitude.

A (a) Shortest (b) longest (c) highest

(6) The true model of the earth is a \_\_\_\_\_

A (a) Globe (b) model (c) ball model

(7) Which of the following is shown on a physical map?

A (a) Boundaries (b) Lines (c) river

$\square + \square + \textcircled{2} + \square + \square = \square$

(8) What does the green colour show on the map?

A (a) Plateau (b) plains (c) Sea

(9) What does the dark brown colour on a map show?

A (a) High mountains (b) river (c) forest

(10) The person who draws maps is called a \_\_\_\_\_

A (a) Cartographer (b) Stenographer (c) photographer

(11) A book of maps is called an \_\_\_\_\_

A (a) History (b) Geography (c) Atlas

(12) \_\_\_\_\_ is the average weather condition of a place over a long period of time.

A (a) Climate (b) Temperature (c) forest

(13) The areas near the Equator have \_\_\_\_\_

A hot and wet (b) coal (c) none

(14) Which of the following

$$\square = \square + \square + \textcircled{3} + \square + \square = \square$$

Zones is the hottest?

A (a) Torrid zone (b) Pale (c) axis

(15) Which of the following cities has cool climate?

A (b) Shimla (a) Shilong (c) Baniwada

(16) Which of the following cities has hot and humid climate?

A (a) Chennai (b) Kolkata (c) London

(17) The name of the Democratic Republic of Congo was changed to zaire in \_\_\_\_\_

A (b) 1971 (a) 1993 (c) 1875

(18) Democratic Republic of Congo is located in \_\_\_\_\_

A (c) Africa (a) America (b) Bhutan

(19) What is the staple food of Congo?

A (a) Cassava (b) Dal (c) Rice

(20) Which of these is the capital of the Democratic Republic of Congo?

A (a) Kinshasa (b) Silvassa (c) Daman

⇒ Match the following:-

- (1) Yellow = Plateaus
- (2) Cassava = a plant root
- (3) Congo = a big river
- (4) Matadi = a big seaport
- (5) Okapi = a rare kind of giraffe
- (6) Dark brown = high mountain
- (7) Blue = Water bodies
- (8) Two end points of globe = Pole
- (9) Mumbai =  $19^{\circ}N - 73^{\circ}E$
- (10) Ignd = water fall

⇒ Fill in the blanks:-

- (1) Latitudes are also known as parallels.
- (2) The line that joins the two poles is called axis.
- (3) The poles are the shortest latitudes.
- (4) The longitudes are 360 in number.

$$\square = \square + \square + \textcircled{5} + \square + \square = \square$$

- (5) Signs and symbols are called the language of a map.
- (6) The Sahara Desert lies to the north of the Democratic Republic of Congo.
- (7) The grasslands in the Democratic Republic of Congo are called Savannas.
- (8) The people of the Democratic Republic of Congo have short and curly hair.
- (9) The disease, sleeping sickness is caused by tse-tse fly.
- (10) French is the official language of the Democratic Republic of Congo.
- Answer the following question in sentence:-
- (7) Who proved that the earth is

round?

A Ferdinand Magellan proved that the earth is round.
