

$$\square + \square + \square + \square + \square = \square$$

- 5) Which bird is called running bird ?
(a) Swan (c) Ostrich
(b) Crow (d) peacock.

Ans (c) ostrich

- 6) Which part of a plant is underground part ?
(a) Stem (c) leaves
(b) roots (d) none of these

Ans (b) roots.

- 7) How many muscles are there in human body ?

- (a) 600 (c) 300
(b) 400 (d) more than 600

Ans (a) 600

- 8) Clothes protect our body from all of these
(a) sunlight (c) cold
(b) heat (d) all of these

Ans (d) all of these

- 9) Which part of a plant develop into seed ?
(a) flowers (c) fruits
(b) Leaves (d) roots

Ans (c) fruits.

- 10) From following which animals swallows its food ?

- (a) rat (c) buffalo
(b) frog (d) lion

Ans (b) frog.

11) Leaf blade has many tiny pores called stomata
a) Roots c) Stomata
b) leaf d) flower

12) Which type of beak Humming bird has ?
a) Straw like thin c) Strong hooked like
b) Curved and horny d) Broad and flat.

Ans Curved and horny.

13) From following which bird has strong sharp and hooked beak ?
a) Vulture c) ducks
b) peacock d) Sunbird

Ans Vulture

14) Which of the following are short hair like structure ?

a) fibres c) fabric
b) Yarn d) cloths

Ans fibres.

15) Which type of feet swimming birds have ?

a) Strong and sharp c) webbed feet
b) wide and spread out d) Strong and long.

Ans webbed feet.

4

$$\square + \square + \square + \square + \square = \square$$

16) How many sense organs are there in a human body?

- a) Three c) six
b) four d) five

Ans five (d)

17) Clothes are made of fibers

- a) paper c) plants
b) fibers d) none of these.

Ans fibers (b)

18) Who have grinding sharp-sharp front teeth?

- a) herbivores c) carnivores
b) omnivores d) none of these

Ans (a) herbivores.

19) What is the green pigment called which is present in leaves?

- a) chlorophyll c) leaf blade
b) stomata d) photosynthesis

Ans (chlorophyll) (a)

20) From following which bird is called flightless bird?

- a) parrot c) kite
b) emu d) pigeon.

Ans b) emu

21) Which part of a plant is the most beautiful part?

- a) roots c) leaf
b) stem d) flowers

Ans d) flower

22) By what all the food chains begin with?

- (a) herbivores (b) green plants
c) omnivores d) carnivores.

Ans c) green plants

23) Which kind of feathers help the birds to fly?

- (a) down feathers (c) flight feathers
b) body feathers d) none of these

Ans flight feathers.

24) Animals do not need cloth.

- (a) food (c) air
b) cloth d) water.

Ans cloth.

25) A house made of bricks and cement is called a pucca house.

- (a) kachaha house (c) tent
b) hut d) pucca house

Ans pucca house.

6

$$\square + \square + \square + \square + \square = \square$$

26) Which birds have talons?

- a) water birds c) flightless birds
b) climbing birds d) flesh eating birds.

Ans d) flesh eating birds.

27) Peacock, hens etc can fly over short distance?

- a) over long distance c) at low height
b) over short distance d) at great height.

Ans over short distance.

28) Which system helps all living beings to produce their own kind?

- a) Circulatory system c) excretory system
b) reproductive system d) respiratory system

Ans Reproductive system. (B)

29) A group of tissues that performs a particular function is called an organ.

- a) tissue c) hut
b) organ d) tent

30) A good house is smaller and has plenty of water.

- a) airy and sunlight c) smaller and water
b) bigger and water d) muddy and sunlight

Ans Smaller and water.

□ + □ + □ + □ + □ = □

31) Birds have no teeth

- a) beak
- b) feathers
- c) teeth
- d) eyes

Ans teeth

32) clothes make us look attractive and smart

- a) bad
- b) dirty
- c) smart
- d) handsome

33) parrots and hornbills have curved beaks

- a) broad
- b) curved
- c) long
- d) short

34) Which part of plant absorbs water and minerals salts from the soil?

- a) Leaves
- b) Roots
- c) stem
- d) flower

Ans Roots

35) A chair is an example of things

- a) living things
- b) Non living things
- c) natural things
- d) made-man things

Ans Non living things

36) Human body is made up of various Small cell

- a) Organs
- b) veins
- c) cells
- d) muscles

Ans cells

37) How many bones are there in human skeletal system.

8

$$\square + \square + \square + \square + \square = \square$$

A) 206

C) 106

D) 306

d) 406

Ans 206

38) How many types of claws.

a) two

c) eight

B) seven

d) six

Ans seven.

39) How many types of a birds perform of movement.

a) one

c) three

b) two

d) four

Ans two

40) Which birds have waterproof feathers

a) water birds

c) Running birds

b) wading birds

d) climbing birds.

Ans Water birds.

41) How many types of Birds beaks.

a) eight

b) seven

c) nine

d) ten

Ans nine.

42) How many System in our body.

a) eight

b) six

c) five

d) three

Ans eight.

9

$$\square + \square + \square + \square + \square = \square$$

43. A car cannot move from one place to another place on its own because it is a non-living thing

- a) living thing c) natural thing
b) non living thing d) none of these

44. The Sun, moon, river, oceans and stars are natural things

- a) man made things c) natural things
b) living things d) none of these

45. Building, roads, vehicles and machines are man made things

- a) man made things c) living things
b) natural things d) None of these

Que:2 fill in the blanks.

1) A seed grows into a plant

2) Fish swim with the help of fins

3) Non-living things do not move on their own

4) flowers grow into fruits

5) leaves are known as the 'kitchen' of the plant

6) A tiger is a flesh eating animal

7) A butterfly has a large sucking tube to suck nectar.

10

$$\square + \square + \square + \square + \square = \square$$

- 8) Carnivorous animals have a pair of sharp teeth.
- 9) Grass eating animals have flat teeth to grind their food.
- 10) Swimming birds have webbed feet.
- 11) flesh eating birds have talons.
- 12) flight feathers help the birds to fly.
- 13) Heart pumps blood to all parts of our body.
- 14) A group of cells together forms a tissue.
- 15) Sense organs help us to sense the things around us.
- 16) Cleanliness is the way to a healthy living.
- 17) The floor of the house should be cleaned everyday.
- 18) Clothes make us look attractive and smarter.
- 19) There are five sense organs in our body.
- 20) Special dress for specific jobs are called uniforms.

$$\square + \square + \square + \square + \square = \square$$

Que: 3 Write True or false.

- 1) There are 306 bones are present in human skeletal system. false
- 2) Most birds are strong and heavy false
- 3) Most birds have light and aeroplane shaped bodies True
- 4) Man made things are living things false
- 5) The hard and stony stem of trees is called the trunk True
- 6) Animals that eat plants and flesh of other animals are called omnivores True
- 7) Plants make food in the leaves True
- 8) The stem also absorbs water and minerals from the soil true
- 9) We have five sense organs True
- 10) human body is made up of many small cells true
- 11) There are more than 100 muscles in the human body false

12

$$\square + \square + \square + \square + \square = \square$$

12) Ducks and Swans have webbed feet true

13) Birds have three kinds of feathers true

14) All the food chains began with animals false

15) tigers, lions, cats etc flesh eating animals true

Que: 2 Answer in one word.

1) Name one animal which has long sticky to tongue

Ans Woodpecker's

2) Name animals which store fish in a skinny bag attached to its beak

Ans Pelicans

3) What is called the dress which people were for specific job?

Ans Uniforms.

4) Number of bones in human body?

Ans 206

5) Number of muscles in human body?

Ans 600

PHOENIX PUBLIC SCHOOL

ISANPUR, AHMEDABAD - 382443.

DATE :	SUBJECT :	Roll No. :

- 6) Give any one name of the ~~are~~ aquatic bird?
Ans ducks.
- 7) Which animals has a hole like mouth?
Ans earthworm.
- 8) Give any one name of grass eating animals?
Ans cow.
- 9) Which animal have long necks?
Ans Giraffes.
- 10) Give any one name of gnawing animals?
Ans Rabbits.
- 11) Give any one name of omnivores?
Ans dogs.
- 12) Give any one natural things
Ans moon, stars, oceans, rivers
- 13) Give any one man made things
Ans Roads, Vehicles, machines, schools.
- 14) Give any one living things
Ans plants, animals, human beings

14

$$\square + \square + \square + \square + \square = \square$$

15) Name any one Non-living things
Ans Chair, tables, Car,

Que:s Answer the following questions.

1) How do the green plants make their own food?

Ans Green plants prepare their food from water and carbon-di-oxide in the presence of sunlight.

2) Why is the leaf called the kitchen of plant?
Ans The main function of the leaves is to prepare food for the plant. That is why they are called the kitchen of a plant.

3) What is germination of a seed?
Ans When seeds ~~grow~~ begin to grow it is called germination.

4) Why do animals need food?
Ans To grow, to remain healthy and for getting energy.

5) How does a snake eat its food?
Ans Snake eat its food by swallowing.

6) What is food chain? Explain?

PHOENIX PUBLIC SCHOOL

ISANPUR, AHMEDABAD - 382443.

DATE :	SUBJECT :	Roll No. :
STD. :	Suppl. No. :	Supervisor's Sign. /

Ans A lion eats animals such as deer or goat. Goat eats plants. Plants make their own food. This is a food chain.

7) What helps an ostrich to run fast into the sand without sinking in it?

Ans They have heavy and cushion like toes. They do not sink into the desert sand as they run fast.

8) What kind of beaks do most flesh eating birds have?

Ans Most flesh eating birds have strong, hooked beaks.

9) Which organ controls all the other systems and organs?

Ans Brain organ controls all the other systems and organs.

10) Name the organs of the respiratory system?

Ans Two lungs, windpipe and nose.

11) Why should sunlight be allowed to come into a house?

Ans Sunlight keeps the house dry and free from germs.

16

$$\square + \square + \square + \square + \square = \square$$

12) What are the major human organ system?

- Ans 1) The skeletal system
2) The muscular system
3) The circulatory system
4) The respiratory system
5) The excretory system
6) The reproductive system.

13) What is the advantage of open space in the house?

Ans It provides fresh air, sunlight and a place to play.

14) Why should sunlight be allowed to come in to a house?

Ans Sunlight keeps the house dry and free from germs.

15) What should we do to keep ourselves away from germs?

Ans We should clean our homes properly. We should cover the dustbins so that flies do not breed in the rubbish. We should keep our clothes clean.

$$\square + \square + \square + \square + \square = \square$$

Que-6 Match the following.

- | | |
|------------------------------|-----------------------------|
| 1) birds | 1) The respiratory system |
| 2) Makes food for the plants | 2) Sheep |
| 3) Lungs | 3) a gas present in air |
| 4) Wool | 4) eggs |
| 5) Nitrogen | 5) leaves leaves |

(1-4) (2-5) (3-1) (4-2) (5-3)

- | | |
|---------------------------|--------------|
| 1) Insects below the soil | 1) nose |
| 2) A type of root | 2) skin |
| 3) Have long sucking tube | 3) root |
| 4) Sense of smell | 4) Taproot |
| 5) Sense of feeling | 5) Butterfly |

(1-3) (2-4) (3-5) (4-1) (5-2)

18

$$\square + \square + \square + \square + \square = \square$$

1) Always starts from a plant. 1) Caterpillars

2) Have no teeth 2) flower

3) Change into fruits 3) root.

4) butterfly 4) a food chain

5) Crows below the soil 5) Snake

Ans (1-4) (2-5) (3-2) (4-1) (5-3)
