$$\square + \square + \square + \square + \square = \square \quad 2$$

13 We can correct our mistakes by using _____ tool.
(a) Eraser (b) Pencil (c) Sharpener

14 micro computers are used in _____
(a) school (b) offices (c) homes (d) All of these

15 mini computers are more capable than _____
(a) super computers (b) micro computers
(c) Hybrid computers (d) None of these

16 mainframe computers are more powerful than _____
(a) micro computers (b) minicomputers
(c) super computers (d) None of these

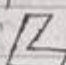

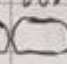

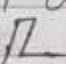

17 Super computers are used for _____
(a) Designing (b) Reservations (c) making bills
(d) weather forecasting

18 computers are used in school for _____
(a) Preparing bills (b) Reservation (c) designing
(d) making report cards and storing records

19 In hotels and restaurants computer are use
for _____
(a) making bills (b) designing (c) diagnose the disease
(d) None of these

20 In railways and airports computers are
used for _____
(a) making bills (b) reservations
(c) Animation (d) making report cards

$$\square + \square + \square + \square + \square = \square$$

- 21 In construction, computers are used for _____
 (a) making designs of buildings
 (b) making bills
 (c) making animation movies
 (d) None of these
- 22 What is the icon of Pick colour Tool.
 (a)  (b) A (c) 
- 23 What is the icon of Ellipse tool.
 (a)  (b)  (c) 
- 24 keyboard is used to draw in paint program.
 (a) True (b) False
- 25 What is the name of supercomputer.
 (a) PARAM 2000 (b) PARAM 10,000 (c) PARAM 3000
- 26 The numbers, words, letters, symbols or characters on which operations are performed by a computer.
 (a) Data (b) Input (c) output
- 27 mainframe computers are used in _____
 (a) Research organizations (b) banks
 (c) Government organizations (d) All of these
- 28 The data and instructions which we provide to the computer called _____
 (a) Input (b) output (c) None

20
21
22

$$\square + \square + \square + \square + \square = \square^3$$

29 We use the tools to paint by _____ on the tool icons from the Toolbox.

- (a) Double click (b) single click (c) None

30 The pick colours tool is used to pick colours from the drawing.

- (a) False (b) True

31 The Rounded Rectangle Tool is used to draw

- (a) Rectangles (b) Squares (c) both a & b

32 Air Brush Tool works like a _____

- (a) Painting brush (b) Paint (c) spray painting brush

33 After processing of the data, the result we get is called

- (a) output (b) Input (c) Data

34 Compute means _____

- (a) Count (b) Sum (c) calculate or count

35 Computer never makes any _____

- (a) mistakes (b) fault (c) None

36 Computer's _____ makes it a wonderful machine.

- (a) Accuracy (b) Speed (c) Diligence

37 Computer works at a _____ speed.

- (a) very high (b) High (c) Slow

384
2012-2013
2013

$$\square + \square + \square + \square + \square = \square$$

38 Computers play a very important role in our

- (a) life (b) Health (c) None

39 Computers are used for _____ at the railway stations and flights at the airports.

- (a) Arrival (b) Departure (c) both a & b

40 A computer can do both arithmetic and _____ operations.

- (a) Counting (b) Calculate (c) Logical

41 micro computers are generally found in _____

- (a) schools (b) offices (c) Homes (d) All of these

42 We can easily draw in the paint program, using the _____

- (a) mouse (b) different paint tools (c) both a & b

43 mainframe computers are _____ computers.

- (a) Large (b) Small (c) big

44 The data and instructions which we provide to the computer are called _____

- (a) output (b) input (c) data

45 Super computers are designed by _____

- (a) India (b) Japan (c) China

46 It stores the input and the output data

- (a) MU (b) CU (c) ALU
