- Kerala, Tamil Nadu

Que Answer the following questions.

1 which region of India receive heavy rainfall and which regions receive very low rainfall?

Ans. The eastern part of India receive heavy rainfall and the western coastal plains receive very low rainfall.

2 what is soil?

Ans. Soil is an important natural resource.

3 why is the soil an important natural resource ?

Ans. Soil is an important natural resource because all plants grow in soil and all our basic needs are fulfilled by soil directly or indirectly.

4 which factors are responsible for soil erosion ?

Ans Heavy rainfall, Runoff, Blowing of winds, Absence of plant or vegetation cover.

5 write two methods of soil conservation.

Ans ① Soil erosion can be checked by planting trees. ② Deforestation and overgrazing must be checked.

6 How is the black soil formed ?

Ans Black soil is formed by the cooling down of Lava from the volcanoes.

7 write two differences between the tropical evergreen forests and deciduous forests ?

Ans Tropical evergreen forests - ① These forests are found in the areas with plenty of rainfall. ② The main trees found are mahogany, ebony, rosewood.

- Deciduous evergreen forests - ① These forests are found in the areas having moderate rainfall. ② The main trees found are teak, Sal, shisham, sandalwood etc.

8 what type of vegetation is found in the dry and semi-dry areas?

Ans Thorny and scrub forests are found in the dry and semi dry areas such as Rajasthan

9 why are many Indian farmers still poor?

Ans Many Indian farmers are still poor because they practise subsistence agriculture. Also many farmers have very small land holding

10 why is the Godavari river called the Dakshin Ganga?

Ans Godavari river is the longest river of South India and it is considered as sacred as Ganga in the North. So it is therefore called Dakshin Ganga.

11 why is plateau called a Tableland?

Ans A plateau is called a tableland because it is a flat topped highland.

12 what are Lagoons?

Ans Lagoons are the salt water lakes found along the Malabar coast.
